Crisis House – In Northamptonshire the NHFT have two locations based in the North and South of the county that offer short term respite providing a safe and welcoming space for people who are feeling distressed and experiencing a crisis. Crisis houses are used as an alternative to be going into hospital, for example if you don't feel safe at home overnight, or things at home are contributing to you being in crisis. Access can only be authorised by an NHS Mental Health Worker, so you will need to call the Mental Health Hub or visit a Crisis Café to discuss this option.
